

**AVAILABLE SIZES****S****M****L****CIRCUMF. (cm)****54-57****57-60****60-63**

**When it comes to many pieces of our headwear one size does not fit all.** To find the size that fits perfectly on your head, simply measure your largest head circumference in centimetres and read the size in the table. If your head size falls between two sizes you may want to consider how you want the headwear to fit (loose or tight).

*\*Tip! If you don't have a tape measure handy you can use a string which you then measure with a ruler.*
