

HOW TO FIND THE RIGHT HELMET SIZE?

Right size

Measure your head circumference with a tape measure which you apply above your ears.

Chinstrap Adapt

The helmet shall sit tightly on your head directly above your eyebrows. Adjust the two chin straps so that they solidly fix and hold the helmet.

Suitable Goggles

In order to check the perfect fit of the helmet, please put on your goggles. There should be no gap between the upper edge of your goggles and the helmet.
