

Men's Fit Guide

Though each Patagonia® product is designed and shaped specifically for its intended use, we can generalize our fit descriptions in four ways:

Formfitting: Conforms to the body's contours.

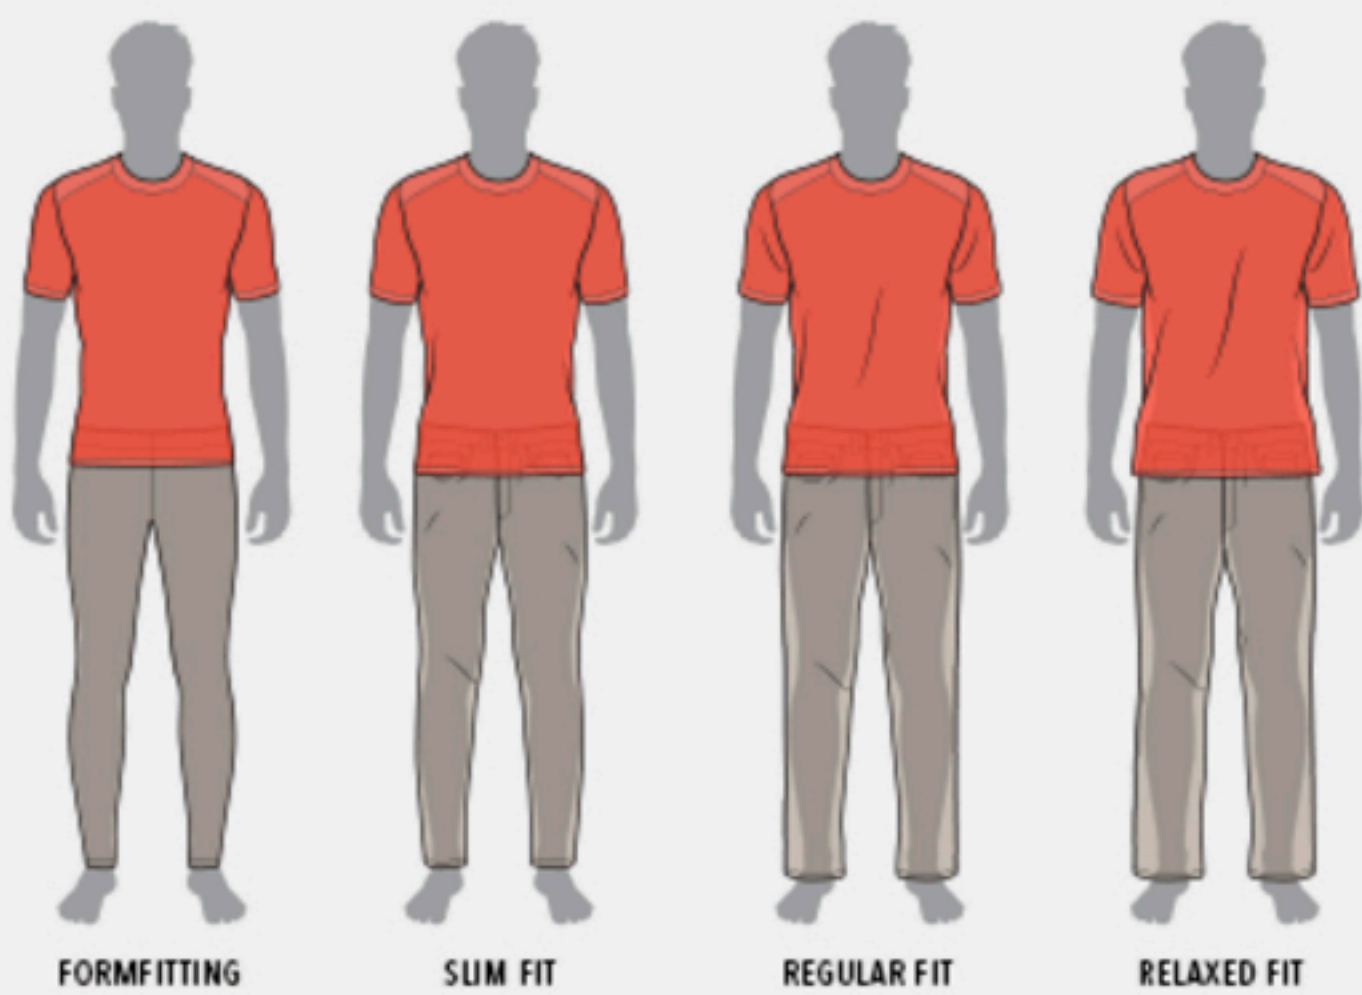

Slim Fit: Closer-fitting. Slim-fitting technical garments may be worn over baselayers and light midlayers.

Regular Fit: Neither slim nor oversized. Regular-fitting technical garments may be worn over heavier midlayers.

Relaxed Fit: Drapes loosely on the body.

Classic Boy Fit: Boxy, athletic, with a traditional crew neck.

Anika Fit: Formfitting and longer in the torso, with a wider, deeper neck (not quite scoop).

* Beginning with our Spring 2015 styles, we've improved our women's fit: There's a slight increase at the waist for shaping and to ensure the fit is truer to size. All other measurements, such as chest and hip, remain the same. Please refer to our new, updated Women's Size Chart for details. Note: this change applies to full-price Spring 2015 styles, not to past-season or on-sale items.
