

How to determinate the correct size of your helmet

Warning:

To ensure adequate protection the helmet must fit snugly on your head.

49 a 50	xxxs
51 a 52	xxs
53 a 54	xs
55 a 56	s
57 a 58	m
59 a 60	l
61	xl
62 a 63	xxl

Maintenance

The outer shell

The outer shell can be cleaned with water and mild soap. The use of other detergents may cause damages to the paint and to the shell.

The visor

To clean the external surface of the visor, wipe with a soft cloth, water and mild soap. The internal surface of the visor may be cleaned exclusively with a soft micro fibre cloth, lightly damp if necessary.

Warning:

The antifog treatment present on the internal surface of the shell is subject to deteriorate with use and climatic conditions. We suggest to replace the visor once the treatment starts to wear off reducing the antifog action.
