

ALPINE SKIBOOTS

To measure the size of your foot:

- Put a piece of paper, larger than your foot, on the floor against a wall.
- Stand on the paper with your back and heels glued to the wall.
- Draw a line marking the longest part of your foot.
- Measure the distance from the edge of the paper to the line you've just made.

We recommend taking measurements for both feet and using the bigger measurement of the two. If your foot measurement is between chart numbers, we recommend sizing up.

LONGUEUR DU PIED / FOOT LENGTH	CM	IN	CM	IN	CM	IN	CM	IN	CM	IN	CM	IN	CM	IN	CM	IN	CM	IN
	23,5	9,25	24,5	9,65	25,5	10,04	26,5	10,43	27,5	10,83	28,5	11,22	29,5	11,61	30,5	12,01	31,5	12,40
