

Selecting the right size

In the absence of universal European sizing standards, the table below is a useful guide. It does not however replace actually trying the garment on, with the appropriate amount of thermal layers underneath, in order to be as close as possible to your normal conditions of use.

Adult body measurements, unisex	S	M	L	XL	XXL
Height	>1.60m >5'3"	>1.70m >5'7"	>1.75m >5'9"	>1.85m >6'1"	+1.85m +6'1"
Chest	> 90 cm >35" 1/2	>95 cm >37" 1/2	105 cm >41" 1/2	>110 cm >43" 1/2	+110 cm +43" 1/2
