HOW TO MEASURE

For the most accurate results, take measurements over close fitting apparel. Use a flexible, flat tape measure and if possible, have someone help take your measurements.

1. CHEST

Relax your arms at your side. Measure under your arms, around the fullest part of your chest, keeping the tape horizontal.

2. WAIST

Stand straight and measure the narrowest part of your waist keeping the tape horizontal.

3. HIP

Stand with your feet together and measure around the fullest point of the hip, keeping the tape horizontal.

FIT TIPS

Zoot products are designed to be RACE FIT with integrated compression to maximize performance and aerodynamic benefits. For a less compressive feel we recommend you size up. If you are between sizes we recommend you size up.
