### HOW TO MEASURE

For the most accurate results, take measurements over close fitting apparel. Use a flexible, flat tape measure and if possible, have someone help take your measurements.

#### 1. CHEST

Relax your arms at your side. Measure under your arms, around the fullest part of your chest, keeping the tape horizontal.

#### 2. WAIST

Stand straight and measure the narrowest part of your waist keeping the tape horizontal.

#### 3. HIP

Stand with your feet together and measure around the fullest point of the hip, keeping the tape horizontal.

### FIT TIPS

Zoot products are designed to be RACE FIT with integrated compression to maximize performance and aerodynamic benefits. For a less compressive feel we recommend you size up. If you are between sizes we recommend you size up.
