

GRADE CARBON ELITE

Our Elite spec GT Grade Carbon combines BikeRadar's Gravel Bike of The Year frameset with a desirable package of Shimano groupset and WTB all-terrain go-anywhere tyres. Relish in the ride provided by floating stays and Triple Triangle, on a bike that the critics love; "it's a bike that takes you back to your childhood, when blasting round the woods and finding things to flick between, jump and drop off was the order of the day." See you on the gravel.

SIZES	48,51,55,58,61
MODEL CODE	G11301M
FRAME	Grade Carbon Frame, Triple Triangle Design feat. Floating Seatstays, 12x142 Thru Axle, Flat Mount Disc (160mm), Tapered Headtube, Di2 and Dropper Compatible, PF30
