

GEAR TIE 24"

REUSEABLE RUBBER TWIST TIE™

The bigger size, sturdy construction, and endless usefulness of the 24" Gear Tie makes twisting, tying, wrapping, and organizing bigger jobs a breeze.

Our 24" Gear Tie is the great organizer for bigger unwieldy items. Made of a sturdy bendable wire interior and a soft, durable rubber exterior, it's flexible, strong, and incredibly handy. Organize major appliance and electronic cords, roll and wrap that yoga mat, keep your skis and skates together, and latch it onto bigger tools. It's tough enough to hang a full can of paint from the side of a ladder, a heavy lantern from a beam or tree branch - there are so many uses, we haven't even thought of them all yet. Available in packs of two.
