

# ADISTAR 2

The design evolution of Adistar 2 is bringing a refreshed expression to the Adistar franchise in terms of visual identity, as well as the functional experience of the shoe.

## INTERNAL SUPPORT CAGE

The internal support cage integrated into the eye-stay, providing one more ingredient towards making this a super supportive & protective ride.

## MIDSOLE

A dual density midsole works seamlessly to create an experience like no other.

## MESH UPPER

A soft / super comfortable mesh upper (made w/ parley ocean plastic) provides the necessary all round comfort needed to take on longer runs.

## REPETITOR

A super soft / lightweight / energetic heel to toe foam is built with a 6mm drop & rocker technology in the forefoot.
