

BOOSTER GLOVE

ROAD RIDING

SIZES: S-3XL

The multi-panel Booster Glove is made from premium leather and incorporates an over-molded hard-knuckle guard for optimized levels of protection. Featuring Alpinestars' stretch palm insert as well as grip panels the Booster provides excellent sensitivity on the bike's controls.

- Constructed from durable goat leather associated with high abrasion resistant stretch polyester fabric.
- Innovative microfiber and PU grip panels strategically position on palm and thumb for excellent levels of grip control and durability.
- Premium, full-grain leather palm construction is durable and offers excellent abrasion resistance.
- Alpinestars' exclusive ergonomic stretch insert between palm and thumb offers improved range of hand movement and greater sensitivity while operating the bike controls.
- Accordion stretch inserts on fingers and back hand for all-round movement and comfort.
- Alpinestars' patented third and fourth finger bridge prevents seam failure and finger separation in the event of a slide.
- Molded hard-knuckle protector provides impact and abrasion protection. Guard is reinforced on the interior side with thick EVA foam for improved levels of fit, comfort and shock absorption.
- Palm, thumb and fingers padded with energy absorbing EVA foam for additional protection.
- Wrist flap with velcro on cuff provides a secure closure.
- Little finger side wall suede reinforcement for abrasion resistance.
- Touchscreen compatible index fingertip and thumb allow the use of smartphone and GPS systems.
- Pre-curved finger construction reduces rider fatigue while offering excellent comfort and fit.
