

CHALLENGER V2 TWO-PIECE LEATHER SUIT

PERFORMANCE RIDING

SIZES: 46-60 (48-64 BLACK)

Versatile and comfortable, the Challenger V2 Two-Piece is constructed from premium leather suit which incorporates a host of CE certified protection and comfort features. With extensive stretch inserts for a contoured fit and perforation panels for cooling performance, this suit is ideal for performance riding and is highly convenient with its two-piece construction.

- Durable, premium 1.3 leather main construction for superb abrasion resistance and comfort.
- Multi-panel construction featuring strategically positioned poly-fabric accordion and stretch panels on arms, elbows and crotch for excellent contoured fit.
- Leather accordion stretch panels on knees and lumbar rear for a convenient and close fit in various riding positions, plus accordion poly-fabric stretch inserts on back and elbows for enhancing movement.
- Integrated PE foam padding on chest, hips, coccyx and back for improved comfort fit and additional protection in key areas.
- 3D multi-panel knee construction with removable and adjustable PU sport knee sliders.
- CE-certified, internal protectors on shoulders and elbows offer class-leading impact protection.
- One-piece, CE-certified GP-R internal knee, tibia and shin protectors feature a floating construction for versatile and precise fit.
- New developed shoulder protection features over-molded advanced TPU guard layered under the outer fabric for optimized levels of protection and comfort.
- Chest and back pad compartments with PE padding (Alpinestars Nucleon chest and back protection available as accessory upgrade).
- Snap-button system for integration of Alpinestars CE-certified Nucleon Back protector, which is available as an accessory.
- Aerodynamic ventilated back-hump positioned with 3D mesh panel for superb cooling.
- Mesh liner for excellent comfort and ventilation.
- External zippered pockets plus inner waterproof pocket for safe and convenient storage.
- Innovative calf expansion gusset improves range of fit and riding comfort.
- Velcro and interior D-ring waist adjusters, plus full circumference waist zipper to safely and securely attach the Challenger Jacket or other Alpinestars leather jackets.
