EASY ENTRY SYSTEM

The SLR LOGIC introduces a new category of ultra-light bindings for speed touring. It is offered in 4 different versions: fixed (pre-set) vertical and side relase value 4, 6, 8, 10 wich provides a safer binding keeping the weight as low as possible!

34

SPEED TOURING

9 | 30 mm adjustment plate included

2 | Monolink Technology 1.0

6 | New lever Design

1 | "Easy Entry System"

8 | SRA Crampons Slot Included

5 | Simple Heel Flap (Flat mode, +37 mm)

3 | Fixed Vertical Release (values 4-6-8-10)

4 | Fixed Side Release (values 4-6-8-10)

7 | Wider Leash Hollow

- 1 | Easy Entry System : New toe geometry that optimizes the boot step-in, which results extremely reactive and powerful.
- 2 | Monolink Technology 1.0 : One of the toe arms does not present springs, and provides an higher locking stiffness in addition to a lower weight.
- 3-4 | This binding is sold in 4 different versions of fixed Vertical (My) and Side (Mz) release values; while purchasing, the customer can choose in between fixed release values 4, 6, 8 and 10.

- 5 | A simple, race-style, heel flap provides 2 walking modes: FLAT MODE, +37 mm.
- 6 | A new lever geometry provides an easier handling of the locking operations such as a stoe opening with poles, thanks to a wider pole tip seat.
- 7 | The toe lever presents a wider leash hooking hollow for a simpler insertion of the same.
- 8 | SRA CRAMPONS SLOT included.
- 9 | A 30 mm adjustment plate is included with the binding.
