

AUTOMATIC PACKS

FEEL AT ONE WITH YOUR PACK

OUR NEW AUTOMATIC BACKPACKS ARE SPECIALLY DESIGNED FOR FULL-ON POWDER SKIING AND FREERIDE TOURING. THEY HAVE ABS COMPATIBILITY TO KEEP YOU SAFE, AND LIVE FIT STRAPS TO KEEP YOU MOBILE AND COMFORTABLE.

BACKCOUNTRY READY

Be ready for the whole mountain, with an easy-access compartment for your avalanche gear, external tool fixations and room for a hydration system.

ABS COMPATIBILITY

Automatic is compatible with the ABS base unit – the original avalanche airbag system – that can keep you at the surface during an avalanche.

SKI FIT

Live Fit shoulder and waist straps expand and contract when you ski, so your pack sits snug and central on your back without restricting you.
