IDEAL FOR

- People looking for a warm and natural Merino wool tubular. A perfect fit for using during low medium intensity outdoor activities like trekking and hiking for moderate to cool conditions.

FEATURES

- Natural fiber and seamless tubular made of 100% pure Merino wool.
- Weight: 250 gr/m²
- Multifunctional, comfortable, versatile and soft.
- Natural odour prevention
- Made from renewable resources following a cruelty-free process that minimises the effect on the ecosystem. This is a mulesing-free product.
- 100% Merino wool

MERINO WOOL PROGRAM

THE NATURAL COMFORT

When the only thing you can count on is a change in the weather, you can depend on Merino wool. Perfect for any conditions, this unique fibre is extremely breathable and naturally resists odour. Certified to originate in Australia, BUFF® merino wool products are 100% Mulesing-free, with no sheep harmed in the shearing process.

We knit our Merino wool accessories in three weights for different levels of insulation and activity.

LIGHT	MID	HEAVY

125g/m ²	250g/m ²	600g/m ²
SEAMLESS Versatile all-season performance.	SEAMLESS Best for moderate to cool conditions.	2 LAYERS OF 300g/m ² Best suited for colder conditions.

WARM

In cold weather, Merino wool uses moisture absorbed from the environment to generate heat. Its wavy fibres also contain millions of air pockets that lock in body heat to keep you toasty.

COOL

In warm weather, Merino wool keeps your skin cool by transporting moisture away from the skin to the surface of the garment.

BREATHABLE

Synthetic fibres can feel clammy because moisture vapour can escape only through holes in the fabric. But with Merino wool, the fibre as well as the fabric breathes to prevent overheating.

ODOUR RESISTANT

Merino wool resists odour naturally and can be worn for days — even weeks — without washing.

SEAMLESS

BUFF® offers seamless lightweight and midweight Merino wool headwear. This unique tubular knitting makes our Merino wool accessories extra comfortable in any type of weather.

ITCH-FREE

With its thin, smooth fibres, Merino wool doesn't itch the way other types of wool can. It's always comfortable, even as a base layer.
