

Reversible Polar

WEATHER CONDITIONS

IDEAL FOR

- People looking for a versatile and extremely soft product for outdoor activities like mountaineering, skiing, snowboarding and hiking in cold weather.

FEATURES

- Two layers of fabric, an outer layer made of microfiber and a soft polar fleece inner layer, create an air cushion that maintains body temperature and combats heat loss.
- This reversible tubular increases the ways in which the product can be worn by simply turning the piece inside out.
- Offers excellent breathability and moisture control.
- Polygiene® treatment applied only to the microfiber piece keeps the fabric cleaner for longer, prevents the growth of bacteria and stops odours.
- 100% Polyester.
