IDEAL FOR

- People looking for a technical and windproof neck accessory for outdoor sports like trail running, downhill skiing, MTB and alpinism.

FEATURES

- A technical and windproof neck accessory made of printed Windstopper® fabric to protect the neck from the wind and with a double layer of breathable microfiber to cover the nose.
- Multifunctional product in a high-stretch fabric.
- Improved fit featuring air cushion for a better fit under jackets.
- Inner layer made with micro polar fleece.
- Polygiene® treatment applied only to the microfiber piece keeps the fabric cleaner for longer, prevents the growth of bacteria and stops odours.
- 100% Polyester.
