

## KSIX FITNESS BAND HR 3 SPORT TRACKER WITH HEART RATE MONITOR 24 H

Brand: **KSIX** SKU: **BXSBHR01** EAN: **8427542982250**

### Take your training to the next level

Take control of your training and track your physical activity completely to achieve your sports goals with the Fitness Band HR 3. Use its 24 hour dynamic heart rate monitor to control your heart beat during the entire day.

Select the multi-sport mode to track the duration, steps and heart rate during your sports activities in real time.

### Count every heart beat

Its 24 hour heart rate monitor allows you to keep a continuous register of your heart beat during the entire day, to make sure you stay in the optimum exercise range when doing any activity.

### Submersible up to 1 meter depth

The Fitness Band HR 3 is not only water resistant, but also submersible up to 1 meter depth during 30 minutes. You can take it with you to your swimming sessions.

### Sync it with your smartphone

Using the JYou free app you can sync the Fitness Band HR 3 to your smartphone, to check the information about your physical activity registered by the band and make the most of it.

With the JYou app you can set your sports goals and check how much is left to achieve them. You can also count your sleep hours and analyze their quality, and set the alarms and notifications that you would like to receive in your bracelet.
