concept

Meet EGG, the new customizable multi-sport helmet for kids.

It can be used for street, snow and water sports making it an all-season helmet. A patented multi-impact design and customization system makes safety comfortable, fun and unique. All you have to do is choose the right helmet size, Skin design and Add-on to top it off.

EGG is designed, engineered and produced in Holland.

choose your skin

choose your add-on

features

customizable

In three ways by choosing your: 1. Size 2. Skin 3. Add-on
