FĒNIX® 7 SERIES Multisport GPS Watches

NEW PRODUCT
ANNOUNCEMENT

PRODUCT OVERVIEW:

There are 7 days in a week. And the fēnix 7 series multisport GPS watches are built for all of them. Meet any athletic or outdoor challenge with cutting-edge training features, sports apps, 24/7 health and wellness monitoring and more. Experience full control through trusted buttons and ease of use with the new touchscreen interface. Gain new insights on the development of your endurance performance over time and effectively manage your stamina. Use trusted button controls or a new touchscreen interface to access selections. Gain performance insights and metrics that help you manage your exertion and build stamina. Optimize recovery and overall wellness by monitoring heart rate¹, respiration, stress, sleep and more. Precision Multiband-GNSS (with Sapphire Solar Editions) and outdoor navigation sensors guide your outings off the beaten path. And to complement your tamer days, connected features include smart notifications², music storage and Garmin Pay™ contactless payments³. Available Solar versions offer a solar charging lens that uses the sun's energy to extend battery life. Plus, the fēnix 7X offers a built-in LED flashlight that keeps you going after dark.

fēnix 7 Series

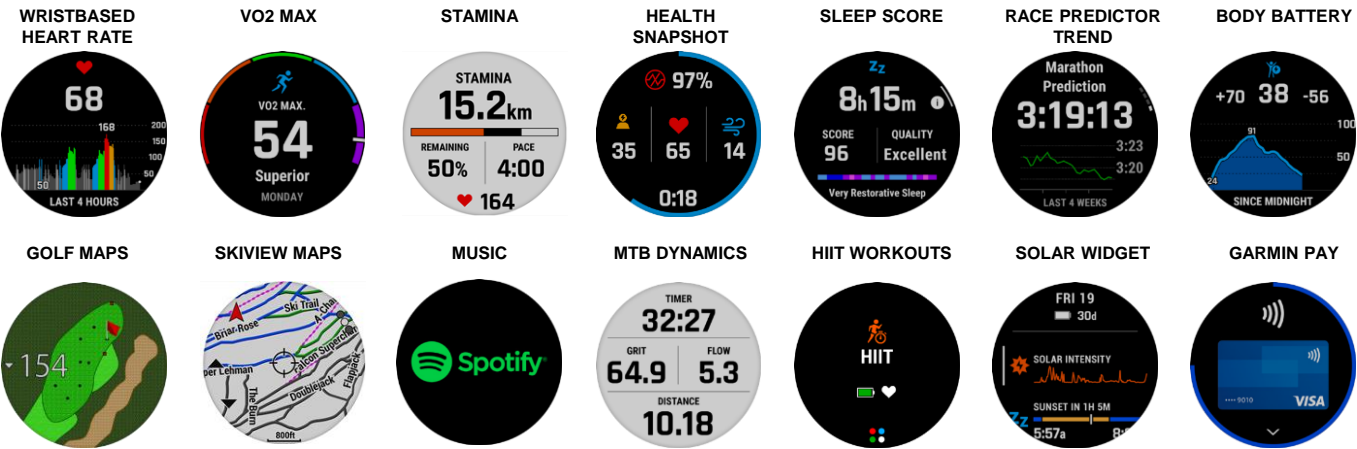

KEY FEATURES

| | | |
|-----|----------------------------|---|
| NEW | PERFORMANCE BY DESIGN | Updated, tough athletic design featuring bright 1.2", 1.3", or 1.4" display and 42mm, 47mm, or 51 mm case; the watch is tested to U.S. military standards for thermal, shock and water resistance. |
| NEW | EXTENDED BATTERY | To max your air time with your fenix without any need to hold back we have significantly extended the battery life of all fenix 7 watches. With optional Solar you can even go further expanding battery life in GPS mode by an avg. 30% over regular use. |
| NEW | PREMIUM MATERIALS | Adding POWER SAPPHIRE options for extra resistance on selected watch lines. Fit the watch's look to your lifestyle with options for stainless steel, titanium or DLC coated bezels. |
| NEW | TOUCHSCREEN AND BUTTONS | Trusted button controls that work in any environment are matched with a responsive new touchscreen interface for quick access to selections and functions. |
| NEW | BUILT-IN FLASHLIGHT | To help guide your way in low-light conditions, a built-in multi-LED flashlight provides quick access to a bright, steady beam of illumination. Also adds a light mode for improved passive safety when running in the dark. (Available fenix 7X watches only) |
| NEW | MULTI-BAND GNSS SUPPORT | Access multiple global navigation satellite systems (GPS, GLONASS, GALILEO). With the Sapphire Solar Edition, get superior accuracy using technology previously only available to the military. Access multiple frequencies sent by navigation satellites for improved position accuracy in area where GNSS signals are reflected, weak or typically don't penetrate. |
| NEW | SYNC SETTINGS | Users can now adjust device settings from the phone (Garmin.Connect) and/or the watch. Settings are now synced in real time between devices to help simplify configuration. |
| NEW | REAL-TIME STAMINA | Use this data to track and manage your exertion, helping to better understand how your stamina changes during activities and avoiding overexerting at the start of your run or activity. |
| NEW | HIIT WORKOUTS | This activity profile tracks your high-intensity interval training workouts, including AMRAP, EMOM, Tabata and custom. Set the number of rounds, work/rest intervals and more. |
| NEW | VISUAL RACE PREDICTOR | Based on your running history and overall fitness level, this feature provides an estimate of what your pace could be for the distance you want to run. Trend data shows how your training is having an impact over time. |
| NEW | UP AHEAD | Get at-a-glance awareness for selected POI checkpoints ahead. View performance metrics, split times and distance/elevation — plus a summary of key trail points coming up. |
| NEW | MULTICONTINENT TOPO MAPS | Download TopoActive maps from around the world. Select coverage as needed and conveniently update straight to the watch via Wi-Fi® connectivity to keep your explorations on track. The Sapphire Solar Edition comes preloaded with local region Topo - View terrain contours, elevations, summits, parks, coastlines, rivers, lakes and other geographical features. |
| NEW | SKIVIEW™ MAPS | Take on the slopes with preloaded SkiView maps, and view run names and difficulty ratings for more than 2,000 ski resorts worldwide. |
| | HEALTH MONITORING ACTIVITY | Using data from the watch's various body status sensors, this feature helps track your daily biometric and wellness trends at a glance. |
| | BUILT-IN SPORTS APPS | Use preloaded activity profiles for trail running, swimming, running, biking, hiking, rowing, skiing, golfing, surfing, indoor climbing and more. |
| | BACKCOUNTRY SKI | Stay informed when you're in the snow. This preloaded profile can distinguish between skiing and climbing. It automatically shows metrics specific to either ascent or descent. |
| | XC SKI DYNAMICS | When paired with the HRM-Pro™ chest strap (sold separately), the ski power metric helps measure the actual exercise load of your cross-country workouts. |
| | SURF-READY FEATURES | Works with the Surfline Sessions™ feature, which creates a video of every wave you ride in front of a Surfline® camera ⁴ . So, you can watch them later and see how you did with your Surfline Sessions subscription. |
| | MTB DYNAMICS | Track the details of every ride with mountain biking metrics plus specialized Grit™ and Flow™ measurements that rate trail difficulty and how smoothly you descend, giving you a score to beat next time. |
| | DAILY WORKOUT SUGGESTIONS | For training guidance that takes you and your fitness level into account, get daily run and ride recommendations based on your current training load and training status. |
| | PACEPRO™ TECHNOLOGY | A first-of-its-kind PacePro feature helps keep you on pace with grade-adjusted guidance as you run a course. You have the option to quickly modify your PacePro plan if changing conditions warrant a change in strategy. |
| | CLIMBPRO FEATURE | Use the ClimbPro ascent planner on downloaded courses to see real-time information on your current and EANoming climbs, including gradient, distance and elevation gain — as well as descents and flats. |
| | PERFORMANCE METRICS | View advanced training metrics that include running dynamics, heat- and altitude-adjusted VO2 max, trail running adjustment, recovery advisor and more. |

KEY FEATURES (CONTINUED):

| | |
|---------------------------------|--|
| RECOVERY TIME ADVISOR | After each workout, recovery time lets you know when you'll be ready for another hard workout. It even accounts for training intensity and factors such as stress, daily activity and sleep. |
| ABC SENSORS | Navigate your next trail with ABC sensors, including an altimeter for elevation data, barometer to monitor weather and 3-axis electronic compass. |
| GOLF COURSE MAPS | Access full-colour CourseView maps for more than 42,000 golf courses around the world, and get button targeting and the PlaysLike Distance feature. |
| SOLAR CHARGED BATTERY | Do more. Charge less. Get a battery boost from the sunlight, so you can go longer between charges (Solar and Sapphire Solar models only). |
| WRIST-BASED HEART RATE | Optical heart rate technology gauges activity intensity as well as heart rate variability to calculate your stress level. It also tracks underwater without a heart rate strap. |
| PULSE OX SENSOR | For altitude acclimation or sleep monitoring, a Pulse Ox sensor ⁵ uses light beams at your wrist to gauge how well your body is absorbing oxygen. |
| SLEEP SCORE AND ADVANCED SLEEP | Get a full breakdown of your light, deep and REM sleep stages. View it all on a dedicated widget that includes your sleep score and insights. |
| BODY BATTERY™ ENERGY MONITORING | Optimize your body's energy reserves, using heart rate variability, stress, sleep and other data to gauge when you're ready to be active or when you may need to rest. |
| VO2 MAX | Train smarter with VO2 max, an indicator of how you can expect to perform. It adjusts for trail running and accounts for changes in performance that could be caused by heat or altitude. |
| RESPIRATION TRACKING | See how you're breathing throughout the day, during sleep and during breathwork and yoga activities. |
| HYDRATION TRACKING | Log daily fluid intake as a reminder to stay hydrated. When auto goal is enabled, you'll even see estimated sweat loss after an activity, and your goal will adjust accordingly. |
| SMART NOTIFICATIONS | Receive emails, texts and alerts right on your watch when paired with a compatible device. ² |
| MUSIC APPS | Download songs plus playlists from your Spotify, Deezer or Amazon Music accounts (subscription may be required). Use wireless headphones (sold separately) for phone-free listening. |
| GARMIN PAY™ CONTACTLESS | Breeze through checkout lines with Garmin Pay contactless payment solution through participating providers. ³ |
| SAFETY AND TRACKING FEATURES | If you feel unsafe or if your watch senses that an incident occurred, assistance and incident detection features can send a message with your location to your emergency contacts when paired with your compatible smartphone ⁶ . |
| CONNECT IQ™ STORE | Download custom watch faces, add data fields, and get apps and widgets from the Connect IQ Store on your compatible smartphone. |
| GARMIN COACH | These free adaptive training plans feature guidance from expert coaches and adapt to you and your goals. Workouts sync right to your watch from Garmin Connect. |
| TURN-BY-TURN NAVIGATION | Follow a route or course with help from turn-by-turn directions, which let you know ahead of time when the next turn is coming. |
| ROUND-TRIP ROUTING | Enter a distance you want to travel and get suggested routes that will bring you back to your starting point. Trendline™ popularity routing helps you find the best local paths. |
| ACCLIMATION | This widget shows your current elevation, acclimated elevation and correlated Pulse Ox ² , heart rate ³ and respiration rate, so you can see how you're holding up to the current elevation. |
| ANIMATED WORKOUTS | This watch features easy-to-follow, animated cardio, strength, yoga and Pilates workouts you can view on the watch screen. Choose from preloaded animated workouts or download more from the Garmin Connect™ online community when paired with your compatible device. |
| POWER MANAGER | View how various settings and sensors impact your watch's battery life, so you can make battery-extending changes on the fly. |

COMPATIBLE APPS OVERVIEW:

GARMIN CONNECT™ APP

FITNESS AT YOUR FINGERTIPS
On mobile or web, Garmin Connect is the tool for tracking, analyzing and sharing health and fitness activities recorded by your paired Garmin device.

GARMIN EXPLORE™ APP

MAP, TRACK, SYNC AND SHARE YOUR TREK FROM ANYWHERE
This all-in-one app is made for off-the-grid adventurers and outdoor enthusiasts alike. Download to your compatible smartphone so you can plan, navigate and review your next great adventure.

CONNECT IQ™ STORE APP

YOUR ONE-STOP SHOP FOR PERSONALISING YOUR GARMIN DEVICE
The Connect IQ Store is your all-in-one source for personalizing compatible Garmin devices with free downloads of apps, widgets, watch faces, data fields, music streaming services and more.

GARMIN GOLF™ APP

COMPETE, COMPARE, CONNECT
Give every round a tournament feel by competing with fellow golfers on more than 42,000 courses around the world*.
*Requires app to be loaded on a compatible smartphone

COMPATIBLE PRODUCT OVERVIEW:

INREACH® MINI
SATELLITE COMMUNICATOR

INDEX™ S2
SMART SCALE

RALLY™ SERIES
PEDAL-BASED POWER METERS

HRM-PRO™

BICYCLE MOUNT KIT

See [Garmin.com](https://www.garmin.com) for details and available devices.

FEATURED COMPATIBLE ACCESSORY OVERVIEW:

| | REF | EAN | PVP | DESCRIPCIÓN | IMAGE |
|----------------------|--------------|--------------|--------|--|-------|
| Charging/data cable | 010-12491-01 | 753759176860 | €24.99 | Recharge and transfer data by using your computer's USB port. This cord also pairs with optional AC adapter (sold separately). | |
| Approach® CT10 | 010-01994-01 | 753759206529 | €79.99 | Approach® CT10 is a golf club tracking system that automatically tracks every shot on any club and even keeps score. | |
| Running dynamics pod | 010-12520-00 | 753759175528 | €69.99 | Computes and sends 6 running dynamics metrics to your compatible device. It easily clips onto your waistband to measure the running dynamics you need to beat yesterday. | |
| Speed sensor 2 | 010-12843-00 | 753759222536 | €39.99 | Monitor your speed as you ride with this easy-to-install wireless sensor. With no magnets or other exposed parts to line up, this sensor is easy to install, maintain and move between bikes. | |
| Cadence sensor 2 | 010-12844-00 | 753759222543 | €39.99 | Monitor your pedaling cadence as you ride with this easy-to-install wireless sensor. With no magnets or other exposed parts to line up, this sensor is easy to install, maintain and move between bikes. | |
| tempe™ sensor | 010-11092-30 | 753759993122 | €39.99 | Transmit ambient temperature data wirelessly to your device with the tempe external wireless temperature sensor. Attaches to your pack, jacket or shoe. | |
