

LANGE TECHNOLOGY

**PERFORMANCE IS NOTHING WITHOUT FIT.
FIT IS NOTHING WITHOUT PERFORMANCE.**

Since the brand's creation back in 1948, every morning at Lange, we wake up inspired with the aim of developing unique products underpinned by our traditional expertise and continuously renewed innovative strength. Like the champions we've accompanied to the summits of success, this perpetual quest for progress is written in our DNA. Through its research into the perfect fit, Lange shares, supports and boosts the determination and discipline that drives each skier. Because each foot, like each passion, is unique.

**BECOME ONE WITH YOUR BOOT,
TO BECOME ONE WITH YOUR GOAL.**

FIS 43 MI

DUALCORE

SKI BETTER BE ONE WITH YOUR BOOTS

MORE LIVELINESS AND PRECISION, EASIER ENTRY-AND-EXIT,
AND A NEW LEVEL OF SKI BOOT PERFORMANCE AS REACTIVE
AND DYNAMIC AS YOUR OWN BODY.
BE ONE WITH YOUR BOOTS, BE ONE WITH YOUR GOAL.

SANDWICH CONSTRUCTION

By sandwiching a softer plastic core within more rigid plastic, we are able to drastically enhance elastic tension within the boot delivering power, snap and rebound.

SOFTER PLASTIC

Softer plastic is targeted to areas that wrap the foot and lower leg, allowing easy, comfortable entry and exit.

DUAL 3D LINER

INSTANT FIT BE ONE WITH YOUR BOOTS

3D MOLDED INTERNALLY AND EXTERNALLY, OUR CUSTOMIZABLE DUAL 3D LINERS OFFER INSTANT OUT-OF-BOX FIT FOR ALL-DAY COMFORT AND CONTROL.
BE ONE WITH YOUR BOOTS, BE ONE WITH YOUR GOAL.

3D EXTERNAL DESIGN

Perfectly matches the inner shell for the most precise and accurate power transmission.

3D INTERNAL DESIGN

Perfectly wraps the foot and lower leg for our most comfortable anatomic fit.

SHIN CONTROL

DEDICATED WOMEN'S DESIGN

SEAMLESS INTEGRATION OF OUR SHIN CONTROL TECHNOLOGY ADDRESSES THE NEEDS OF COMMITTED WOMEN SKIERS FOR ENHANCED COMFORT AND CONTROL.
BE ONE WITH YOUR BOOTS, BE ONE WITH YOUR GOAL.

ASYMMETRIC PADDING

As you flex into your boot, our asymmetric padding disperses pressure over a larger area for enhanced comfort and control.

WHAT'S NEW?

LX

LUXURY FIT, LIGHTWEIGHT, LEGENDARY PERFORMANCE.

All-new LX collection combines Lange's legendary precision with a relaxed and luxurious all-mountain fit. The more accommodating 102mm width expands our "Choose Your Fit" concept to offer reduced foot compression for optimized all-day comfort no matter your foot shape.

RX

THE PERFECT BALANCE.

RX is all about the balance of performance and comfort. Dual Core technology ensures the boots' rebound, precision and flex offer perfect performance. Dual 3D customizable liners provide precise fit with all-day comfort. To make every skier that much better.

RS

POWER & PRECISION.

Revolutionary design combined with our optimized Dual Core shell technology supplies an unparalleled level of performance. Greater precision and response. Superior flex control. Exact fit.

DUAL 3D LINERS

| | | SPECS | SKIER BENEFITS |
|--|-------------|--|---------------------------------------|
| | WORLD CUP | Cork Flow padding Adjustable tongue Lacing system | Precise high tension WC race fit |
| | FULL | 100% Customizable thermo liner 3 types of high density foam | Precise firm tension fit |
| | PRO | 100% Customizable thermo liner 2 types of high density foam | Precise average/medium tension fit |
| | PERFORMANCE | 80% Customizable thermo liner Medium density foam | Precise soft tension fit |

NATURAL STANCE

- A** Cuff cant +/- 1,5°.
- B** Enhanced fore-aft balance, leverage 12° without spoiler and 16° with forward lean spoiler.
- C** Enhanced edge release, speed 0° degree sole cant.
- D** Enhanced balance, steering 4° ramp angle.

DUAL CORE

As you drive and flex into your boots, DUAL CORE actively compresses and expands – harnessing potential energy to deliver explosive power, snap, and rebound. Imagine World Cup precision and response, easy entry-and-exit, and a new level of ski boot performance as reactive and dynamic as your own body.

NATURAL STANCE

- A** Cuff cant +/- 1,5°.
- B** Enhanced fore-aft balance, leverage 12° without spoiler and 16° with forward lean spoiler.
- C** Enhanced edge release, speed 0° degree sole cant.
- D** Enhanced balance, steering 4° ramp angle.

CHOOSE YOUR FIT

Experience Lange's legendary performance in total comfort. Our CHOOSE YOUR FIT concept features three unique fits (PERFORMANCE, PRECISION and COMFORT), ensuring every skier can Be One with their boots no matter their foot shape.

DUAL CORE LIGHT

A lightweight version of our innovative Dual Core technology. As you drive and flex into your boots, DUAL CORE LIGHT actively compresses and expands – harnessing potential energy to deliver explosive power, snap, and rebound. Imagine lightweight precision and response, easy entry-and-exit, and a new level of ski boot performance as reactive and dynamic as your own body.

DUAL 3D LINER PRO LIGHT

SPECS

100% Customizable thermo liner
2 types of high density foam

SKIER BENEFITS

Precise average / medium tension fit

GRILAMID

GRILAMID® plastic is ultra-lightweight and boot-fitter friendly, allowing pin-pointed personalization while retaining high-performance rigidity for dynamic downhill performance.

DUAL 3D LINERS

CHOOSE YOUR FIT

Experience Lange's legendary performance in total comfort. Our CHOOSE YOUR FIT concept features three unique fits (PERFORMANCE, PRECISION and COMFORT), ensuring every skier can Be One with their boots no matter their foot shape.

DUAL CORE

As you drive and flex into your boots, DUAL CORE actively compresses and expands – harnessing potential energy to deliver explosive power, snap, and rebound. Imagine World Cup precision and response, easy entry-and-exit, and a new level of ski boot performance as reactive and dynamic as your own body.

THINSULATE

THINSULATE™ is a lightweight synthetic insulation that delivers increased warmth in damp and cold conditions for all-day comfort.

SHIN CONTROL

Our unique women-specific SHIN CONTROL liner offers maximum comfort while maintaining the required precision and responsiveness for optimum ski control. The anatomical asymmetric tongue distributes shin pressure as you flex into the boot, dispersing it over a larger area for enhanced comfort and more control.

102mm COMFORT FIT

Lange's COMFORT FIT provides a wider, more forgiving 102mm last designed for skiers with high volume feet or skiers seeking all-day comfort without sacrificing performance.

DUAL CORE

As you drive and flex into your boots, DUAL CORE actively compresses and expands – harnessing potential energy to deliver explosive power, snap, and rebound. Imagine World Cup precision and response, easy entry-and-exit, and a new level of ski boot performance as reactive and dynamic as your own body.

SKI / HIKE POWER V-LOCK 2.0

Lange's patented technology opens up a greater range of movement (40°) in "hike" mode to increase mobility on ascents, while a new metal-on-metal locking mechanism for the shell and cuff in «ski» mode paves the way for a whole new level of performance and power on descents.

DUAL CORE LIGHT

A lightweight version of our innovative Dual Core technology. As you drive and flex into your boots, DUAL CORE LIGHT actively compresses and expands – harnessing potential energy to deliver explosive power, snap, and rebound. Imagine lightweight precision and response, easy entry-and-exit, and a new level of ski boot performance as reactive and dynamic as your own body.

ULTRALON

ULTRALON® customizable liners are extremely lightweight (330g) and offer a high level of insulation for increased warmth, comfort, and control.

JUNIOR FIT

Lange's JUNIOR FIT is designed for smaller calves and foot shapes to deliver enhanced, junior-specific comfort, fit, and performance.

REPLACEABLE SOLES

Replaceable MONOMATERIAL TOE and HEELS can be updated when worn for longer boot life.

ALU BUCKLES

ALUMINUM buckles offer increased strength for efficient closure and increased durability.

DUAL CORE POLYURETHANE SHELL

As you drive and flex into your boots, DUAL CORE actively compresses and expands – harnessing potential energy to deliver explosive power, snap, and rebound. Imagine World Cup precision and response, easy entry-and-exit, and a new level of ski boot performance as reactive and dynamic as your own body. POLYURETHANE (PU) plastic offers premium rebound, response, and durability.

RENTAL LINERS

Our rental-specific liners are designed to maximize consumer comfort and longevity of fit over time and power strap features a special barcode area for easy inventory management.

RENTAL SPECIFIC FEATURES

Lange RENTAL SPECIFIC features include a boot size indicator under the sole and on the rear cuff quick and easy identification.
