

FUNBOARD

Designed for the weekend warrior. Paddles easily and catches waves early, gets you up and riding more often. The NSP Elements Funboard is a classic mid-length Malibu in a durable construction. These board will last and continue to be in demand by both rental venues and surfers alike.

Rail : Full

Bottom : Single to V

Ideal waves : 1-6ft

Level : Beginner – Expert

- A stunning combination of fantastic value, durability and performance, the Funboard is one of the most popular boards in the NSP range for progressing skills.
- Semi-rounded nose with low entry rocker design puts more volume up front to give more paddle power to catch waves early and easily.
- Domed deck profile allows a forgiving but sensitive rail feel while the rounded pintail is pulled in, adding control in bottom turns and cutbacks.
- Concave bottom creates a fast water transition through to the tail, providing balance and control in a wide range of conditions.
- On smaller days, go quad, and keep the thruster setup for bigger days when conditions lend themselves for slicing.

The NSP Funboard is the clear “next-step” board for surfers looking to downsize, and an overall great board to have for all kinds of conditions.

Fins:

The Elements Funboard is available in either a 5x twin tab fin box option or NSP's new 5x FTU fin box set-up (compatible with Futures® fins).

- The FTU set-up is supplied with 3x newly designed MFC fins.
- The twin tab box set-up is supplied with 3x twin tab fins.
