

POLAR BUFF®

TECHNICAL FABRIC PROPERTIES

PRODUCT STRUCTURE

■ Microfiber ■ Polartec®

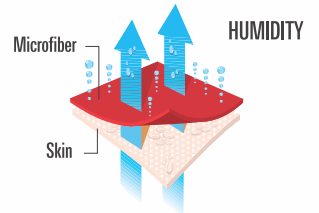

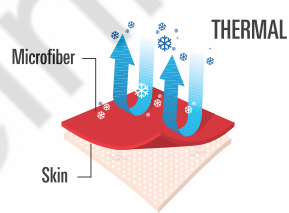

Polar Buff® is a microfiber tubular sewn to a Polartec® Classic 100™ microfleece that transforms it into a cold weather accessory.

Die Polar Buff® Kopfbekleidung wird aus einem Teil Microfaser und einem Teil sahn Polartec® Classic 100™ Microfleece gefertigt, das ideal vor kalten Temperaturen schützt.

Es un tubular de microfibra cosido a una pieza hecha con forro polar Polartec® Classic 100™ que mantiene la temperatura corporal y combate la pérdida de calor.

CLIMATE COMFORT: ❄️ ❄️ ❄️ 🌞

MICROFIBER

POLYGIENE®

Polygiene®
Stay Fresh

Active Odor Control

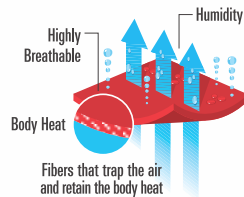

Longer freshness, no unpleasant odours caused by bacteria. Environmentally friendly solution.

Hält länger frisch, keine unangenehme Geruchsentwicklung durch Bakterien. Umweltfreundliche Anwendung.

El tejido se mantiene limpio más tiempo sin desprender los malos olores causados por las bacterias. No perjudica al medio ambiente

* Polygiene is only applied to the microfiber fabric panel of garment. Fleece panel does not contain any Polygiene.
