- + Can be easily cleaned inside
- + Optional accessories: ORTLIEB carrying system, anti-theft device, outer pocket/s (size S), mesh pocket, bottle cage, 20 mm QL2.1 hook

Contents: Pannier comes with shoulder strap, reduction inserts 8, 10 and 12 mm (1 pair per size)

Attention: Maximum load per bag or per side of carrier is 9 kg / 20 lbs. As the admissible load of carriers differ, note the maximum admissible load - (information is normally found on the carrier) - do not exceed the carrier load limit. We recommend to check-weigh packed bags before riding - reduce the load if necessary. This applies to rear and front carriers and also to lowriders mounted on the fork. Note that the use of bike panniers will significantly influence the riding properties of your bike.

Note: For reaching protection standard IP64 (6=dustproof, 4=protected against splash water coming from all directions) the roll closure must be rolled 3-4 times and fixed downwards.
