

MINIMIZE SIZE, MAXIMIZE COMFORT & PROTECTION.

# Technology is our DNA

Team behind Skidders developed and patented the fusion technology that merges the best features of shoes and socks into one compact product.

Precise European manufacturing, premium materials and thorough inspection of every pair, Skidders truly are revolutionary.

Machine-  
Washable

Durable & Light  
(80g/2.8 oz.)

Handmade in  
Europe (EU)

## 3-layered StretchKnit™

The combination of natural and artificial fibers (with light compression) ensures the perfect fit, comfort, moisture-wicking and durability.

## Anti-abrasive polymers

Finest Swedish phthalate-free polymers guarantee that even a 2mm thin double-layer on the underside lasts up to hundreds of miles (depends on the way of use).

## Easy to maintain

Lack of adhesives and seams makes Skidders not just eco-friendlier, but also machine washable.
