1.0 Introduction

Thank you for purchasing this watch.

The watch includes real time, daily alarm and a regatta timer which times the starting of a race.

Your watch is carefully designed and produced for regatta use. In order to utilise these features of your watch, it is advisable to read the following notes before using for the first time.

- Avoid exposing the watch to extreme conditions over extended periods.
- Avoid rough use and severe impacts.
- Only a certified watch repairer should open the watch case.
- Occasionally clean your watch with a soft moistened cloth to help maintain its lifespan.
- Store your watch in a dry place when not in use for extended periods.
