* Pack weight does not include reservoir

CARRY

1 AIRSCAPE SUSPENSION

- + Convoluted EVA foam over an Atilon framesheet provides structure, support and cushioning

2 AIRSCAPE BACKPANEL

- + Open mesh over convoluted EVA foam ensures ventilation and comfort

3 HARNESS

- + Cushioning spacermesh over die-cut foam provides active ventilation and a contoured fit

4 HIPBELT

- + Spacermesh over die-cut foam wraps securely to provide a secure, comfortable fit (30L / 28L)
- + Removable 20 mm webbing hipbelt (22L/18L, 20L/16L)

SIZING / FIT

SKARAB - MEN'S

TORSO O/S 17-22" / 43-56 cm

SKIMMER - WOMEN'S

TORSO O/S 15-38" / 38-46 cm

WOMEN'S-SPECIFIC FIT

- + Shorter torso length
- + Narrower, shorter harness with curves designed to accommodate most women's necks, shoulders and chests
- + A hipbelt designed to wrap naturally around the curve of a woman's hips, offering better load stabilization and support

FEATURES

RESERVOIR SLEEVE

M - 30L / 22L / 18L W - 28L / 20L / 16L

The dedicated sleeve provides easy loading/unloading of a hydration reservoir.

- + An internal hanging loop with buckle ensures proper vertical orientation and stability
- + Elasticized routing straps on right or left side of the pack's harness hold the reservoir hose in place
- + Compatible with any reservoir up to 3L

RESERVOIR BITE VALVE MAGNET

The sternum strap magnet allows for quick access to the reservoir bite valve.

For more information on Osprey's full line of reservoirs and reservoir care, visit osprey.com.

FRONT PANEL DAISY CHAIN

M - 30L / 22L / 18L W - 28L / 20L / 16L

Provides easy attachment to outside of pack.

SCRATCH-FREE SLASH POCKET

M - 30L / 22L W - 28L / 20L

Scratch-free, heat-embossed zippered slash pocket for sunglasses or electronics.

RAINCOVER*

M - 30L / 22L / 18L W - 28L / 20L / 16L

- 1 Locate the raincover icon near the base of the pack.
- 2 Remove raincover from compartment and slide it over the top and bottom of the pack.
- 3 Tighten the cord lock at the bottom of the raincover to tension the raincover into place.

Tip: To prevent mildew, allow the raincover to dry entirely before storing.

TREKKING POLE ATTACHMENT

M - 30L / 22L W - 28L / 20L

- 1 Collapse trekking poles to minimum length.
- 2 Place the tip of each trekking pole through one of the two matching loops at the bottom of the pack. The basket of the trekking pole should catch on the loop so the trekking pole does not slide through.
- 3 Loosen the upper side compression strap and unthread it from the daisy chain.
- 4 Bring the handle end of the trekking pole toward the top of the pack and place the staff of the pole under the seam of the front panel pocket and upper compression strap.
- 5 Re-thread the compression strap through the daisy chain and buckle into place. Tighten the compression strap to secure the trekking pole.
- 6 Reverse above steps to remove.

FEATURES

DUAL COMPRESSION STRAPS

M - 30L / 22L W - 28L / 20L

Quick-release upper or lower compression straps provide added stability when the pack is not full or offer additional attachment points for carrying gear on the outside of the pack.

ZIPPERED HIPBELT POCKETS

M - 30L W - 28L

FRONT PANEL SHOVE-IT POCKET

M - 30L W - 28L

A front panel shove-it pocket for quickly stashing gear. Upper dual side compression straps can loosen or compress the shove-it pocket.

DUAL ZIPPERED SIDE PANEL POCKETS

M - 30L W - 28L

ICE AXE LOOP

M - 30L W - 28L

- 1 Slide the ice ax shaft through the top of the ice tool loop and flip the shaft up toward the top of the pack.
- 3 Loosen the upper side compression strap and unthread it from the daisy chain.
- 4 Place the shaft of the pole under the seam of the front panel pocket and upper compression strap.
- 5 Re-thread the compression strap through the daisy chain and buckle into place. Tighten the compression strap to secure the ice axe.
- 6 Reverse above steps to remove.

UNDERLID ZIP POCKET

M - 30L / 18L W - 28L / 16L

DUAL-ACCESS SIDE STRETCH MESH POCKETS

M - 22L / 16L W - 20L / 16L
