Smart tower fan

01.350000.02.001

**PARTS DESCRIPTION**

- 1 BUTTON PANEL
- 2 DISPLAY
- 3 FAN BODY

**DISPLAY/BUTTON DESCRIPTION**

**SAFETY**

- This appliance shall not be used by children aged less than 8 years. This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Keep the appliance and its cord out of reach of children aged less than 8 years. Cleaning and user maintenance shall not be made by children unless older than 8 and supervised.
- By ignoring the safety instructions the manufacturer can not be hold responsible for the damage.
- If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.
- Never move the appliance by pulling the cord and make sure the cord can not become entangled.
- The appliance must be placed on a stable, level surface.

- The user must not leave the device unattended while it is connected to the supply.
- This appliance is only to be used for household purposes and only for the purpose it is made for.
- To protect yourself against an electric shock, do not immerse the cord, plug or appliance in the water or any other liquid.

**BEFORE THE FIRST USE**

- Take the appliance and accessories out the box. Remove the stickers, protective foil or plastic from the device.
- Before using your appliance for the first time, wipe off all removable parts with a damp cloth. Never use abrasive products.
- Place the device on a flat stable surface and ensure a minimum of 10 cm. free space around the device. This device is not suitable for installation in a cabinet or for outside use.
- Note: The appliance is not compatible with 5GHz WiFi, it will only work on 2.4GHz WiFi.
- Plug the power cable into a 13A socket. (Note: Make sure the voltage which is indicated on the device matches the local voltage before connecting the device. Voltage 220V-240V 50Hz).

### Assembly instructions

Picture 1

Picture 2

Picture 3

Picture 4

- Remove the 3 screws out of the turnplate (Picture 1).
- Pull the power cord through the hole of the base (Picture 2).
- Align the base with the turnplate and use the 3 screws to secure them together (Picture 3).
- Press the power cord into the cable slot.(Picture 4).

## USE

### USING BUTTONS ON FAN

- Press the on/off button to turn the device on or off.

- Press the speed button to choose the desired speed setting. Press repeatedly to select one of the three different speed settings.
- Mode button: Choose from 3 different breeze patterns: Normal, Natural (randomly cycle through different speed settings to recreate an outdoor natural breeze) and Sleep (slows the fan speed down so you can still feel the air flow but you don't hear the fan as much). The natural and sleep function are shown on the display when they are selected.
- Press the oscillation button to turn on the swing function, press again to turn off.
- Press the timer button to activate the timer. Push repeatedly to increase the timer. The timer can be set to automatically turn off the fan after 1-8 hours.

### USING THE FAN WITH CLIMATE APP

- The fan can be used manually with its built-in controls or you can use a smart phone to control it. Before you begin, ensure the Homewizard Climate app is downloaded. The Homewizard Climate app is available on Android and iOS.

### Pair your fan to HomeWizard Climate app

- Make sure your fan is powered.
- Open HomeWizard Climate APP.
- Create an account or if you already have a HomeWizard account, please log in using those details.
- Click "Add new Climate Device" to add a new device.
- Follow the instructions on the app to connect the fan.

## CLEANING AND MAINTENANCE

- Clean the appliance with a damp cloth. Never use harsh and abrasive cleaners, scouring pad or steel wool, which damages the device.
- Never immerse the electrical device in water or any other liquid. The device is not dishwasher proof.

## PRODUCT SPECIFICATIONS
