

Thank you for your interest in Skidders – revolutionary ultraportable sock shoes.

**Composition:** 45 % Polypropylene Siltex (Ag+)  
22 % Viscose  
22 % Cotton  
11 % Lycra

**Bottom layer:** 2 layers of phthalate-free anti-abrasive polymer compound  
country of origin of the material is Sweden

**Hand-made:** in the super-secret factory in the heart of Europe (EU)  
patented design and technology

Skidders are not a full-time substitute for your regular footwear. Not recommended for extreme conditions. For maximizing your comfort and minimizing unwanted odor, we recommend to wear thin ankle socks with Skidders. If you suffer from orthopedic problems, consult your physician before using.

Due to handwork is each pair unique and in terms of appearance might slightly differ. Initial crumbling of bottom layer is normal and is caused by surplus material. Product is partly cut-resistant / puncture-resistant / weather-proof.

**Maintenance:** recommended to wash in washing bag on gentle cycle at 35 °C/95 F

Production of Skidders is conducted without harming people, animals or the environment. Product is vegan and barefoot friendly. For any further questions or information contact us at [hello@skidders.cc](mailto:hello@skidders.cc) or visit [www.skidders.cc](http://www.skidders.cc).

We believe that Skidders will become your handy companion during all your travels, sports and adventures.
